Wage detail

Base hourly wage \$43.05/hr

Straight-time journeyman rate on the current wage sheet, before fringes.

Total package \$52.96/hr

Wage plus all employer-paid benefit and fringe contributions per hour worked.

Approximate annual wage \$86,100/yr

Derived: base hourly × 2,000 hours. Actual earnings depend on hours dispatched, overtime and travel.

Effective date May 8, 2026

Date this rate took effect under the agreement, as printed on the unionpayscales.com wage sheet.

Classification Journeyman

Rate applies to this classification only. Apprentice steps, foremen and shift work are paid on separate lines of the wage sheet.

Benefits & fringe contributions

Roughly 19% of the SMART Local 9 package is employer-paid benefits and fringes rather than wages, which is why the package figure and a take-home hourly rate are not the same number.

Benefit & fringe contributions \$9.91/hr

Derived: total package minus base wage. This is the employer's combined hourly contribution to the funds, not take-home pay.

What the contributions fund Health & welfare, pension, annuity, training and industry funds

Standard fund categories in mechanical and electrical agreements. The exact split between funds is set in the local's agreement — the hall or fund office publishes the schedule.

Paid on Every hour worked

Fringe contributions are made per hour worked, so they scale with dispatched hours and are paid to the funds rather than to the member.
