Rates change with each contract cycle — confirm the current step with the Washington, MD hall before quoting an offer.

Wage detail

Base hourly wage **\$55.00/hr**
Straight-time hvac service tech rate on the current wage sheet, before fringes.

Total package **\$77.14/hr**
Wage plus all employer-paid benefit and fringe contributions per hour worked.

Approximate annual wage **\$110,000/yr**
Derived: base hourly × 2,000 hours. Actual earnings depend on hours dispatched, overtime and travel.

Effective date **February 18, 2026**
Date this rate took effect under the agreement, as printed on the unionpayscales.com wage sheet.

Classification **HVAC Service Tech**
Rate applies to this classification only. Apprentice steps, foremen and shift work are paid on separate lines of the wage sheet.

Benefits & fringe contributions

Roughly 29% of the UA Local 602 package is employer-paid benefits and fringes rather than wages, which is why the package figure and a take-home hourly rate are not the same number.

Benefit & fringe contributions **\$22.14/hr**
Derived: total package minus base wage. This is the employer's combined hourly contribution to the funds, not take-home pay.

What the contributions fund **Health & welfare, pension, annuity, training and industry funds**
Standard fund categories in mechanical and electrical agreements. The exact split between funds is set in the local's agreement — the hall or fund office publishes the schedule.

Paid on **Every hour worked**
Fringe contributions are made per hour worked, so they scale with dispatched hours and are paid to the funds rather than to the member.
